EDUCATION

Kwame Nkrumah University of Science and technology – Kumasi, Ghana

Graduated November 2023

Major : Computer Engineering

Relevant Coursework : Object-Oriented Programming and Data Structures, Introduction to Design and Programming for Web (HTML & CSS), Introduction to Database Systems, Distributed Computing.

EXPERIENCE

Life Care Technology Ghana Limited – Accra, Ghana.

January 2024 - Present

Marketing Engineer

- Provided technical support and product demonstrations to enhance sales.
- Trained users alongside service engineers, improving equipment productivity.
- Managed CRM systems, streamlining customer feedback for service improvements.

Embrace Technologies – Accra, Ghana.

January 2023 - September 2023

Junior Frontend Developer

- Developed user-friendly web applications using React.js, HTML, and CSS.
- Collaborated with designers to implement responsive UI/UX.
- Conducted thorough testing and debugging of applications, ensuring high quality and functionality.

Life Care Technology Ghana Limited – Accra, Ghana

November 2021 - July 2022

Service Engineer Intern

- Collaborated with the service engineering team to provide clients with technical support.
- Participated in the installation, configuration and maintenance of systems and applications.
- Conducted regular checks and system updates as well as preventive maintenance to ensure optimal performance of equipment.

PROJECTS

Artisan Finder Web App

[Project Link](#)

- Developed a responsive web application using React.js and Bootstrap, improving user engagement through an intuitive user interface.
- Improved user engagement by creating an intuitive and responsive user interface, leading to increased user retention and satisfaction.

Dwello Estate Website

[Project Link](#)

- Built a real estate web app using HTML and CSS, optimizing performance for quicker data retrieval and user queries.
- Enhanced productivity for users by providing a seamless and clutter-free interface.

React UI Design

[Project Link](#)

- Designed reusable UI components in React.js with Tailwind CSS to promote efficiency and maintain design consistency.
- Focused on creating reusable UI components for efficient development and consistent design.

SKILLS

- **Programming languages:** JavaScript, Python, HTML5, CSS3.
- **Worked with:** REST API, React.js, Next.js, Tailwind CSS, Bootstrap CSS.
- **Technical Strengths:** Building scalable systems, optimizing for performance, debugging, cross-functional collaboration.

CAMPUS INVOLVEMENT

- **Association of Computer Engineering Students (ACES)**, *Participant*, Kwame Nkrumah University of Science and Technology
- **Women in Engineering (WinE)**, *Participant*, Kwame Nkrumah University of Science and Technology
